TWENTY-THIRD ANNUAL MEETING
OF
The Presbyterian Hospital Society
OF THE
CITY OF CHICAGO

CHICAGO, April 9, 1906.

The annual meeting of the Society was held in the Chapel of the Hospital pursuant to call and notice duly given.

Those present were Mrs. Matteson, Miss Black, Miss McMillan, Rev. Dr. Morison and Messrs. Hamill, Welling, Day, Bacon, Templeton, Sisson, Titus, Douglass and Cole.

Mr. Day, President of the Board of Managers, presided.

On motion Mr. Douglass, Secretary of the Board of Managers, acted as Secretary.

Mr. Day gave a detailed statement verbally of the work accomplished during the past year in the way of improvements, etc.

Mr. Titus, Treasurer of the Board of Managers, made his annual reports both for the Hospital and the Training School of Nurses, which were accepted and referred to the Auditing Committee.

The following gentlemen were elected as the class of 1910, viz.:

Ernest A. Hamill, James B. Forgan, Arthur D. Wheeler, David B. Jones, Albert M. Day.

There being no further business meeting adjourned.

W. A. DOUGLASS, *Secretary*.

The death of Mr. Stephen Wilson Rawson occurred on the 16th of March, 1906, at Redlands, Cal., after an illness which had for several years removed him from his usual business activity. He was born at Upton, Mass., Oct. 16, 1837, and had attained the age of 69 years and 5 months at the time of his death.

In making this brief record the Board of Managers of this Hospital desires to express grateful thanks for the highly valuable service which he rendered to the Hospital while a member of the Board for a long period prior to his illness. His careful and able attention to financial matters connected with the management of the affairs of the Hospital entitled him to be held in high estimation, not only by the comparatively small circle of the Board but by the community at large, wherein he had for many years been known to be a man of marked prudence and ability.

TWENTY-THIRD ANNUAL REPORT
OF THE
BOARD OF MANAGERS
OF
The Presbyterian Hospital
OF THE
CITY OF CHICAGO

CHICAGO, April 9, 1906.

To the Members of the Society:

The year just closed has been an important one in the history of the Hospital. Early in the year it was determined to make an effort to obtain a sufficient amount of money to erect a private pavilion on a portion of our vacant property. Starting with a purpose of raising \$200,000.00, it became evident that a much larger sum would be needed for the erection of a private pavilion sufficient for the demands of the future; and that the old part of the Hospital, known as the Ross-Hamill Building, should be torn down and a new one erected in its place. With that end in view the Subscription Committee commenced their work. It has been very considerably handicapped by the pressure of business, absence from the city of some of its members, and the usual difficulties of such an undertaking; but there has been pledged a total of \$356,725.00. It is the purpose of the Committee to continue at work, and they hope to find a sufficient number of generous individuals to make up the amount needed, and at no very distant day.

Pending the completion of this subscription, however, it seemed necessary and proper to make thorough repairs to the Jones Memorial Building. Commencing in May, this work was prosecuted as vigorously as possible, but it occupied a very large portion of the following four months, and was not completed until December. During this time the work of the Hospital was carried on as near the usual manner as possible, but the unavoidable noise and confusion connected with the work caused many patients to leave us and prevented others from coming, and thus our income was curtailed. Our expenses were also necessarily increased by the amount of work which was going on in the different parts of the house. These conditions occasioned a much larger loss during these months than would have otherwise happened under normal conditions.

It is a great pleasure to be able to state that the work has been completed in a very satisfactory manner, and that the Jones Memorial Building is now thoroughly equipped, in perfect order, and that it will not require any extensive repairs for many years. New and modern plumbing of the most approved method has been installed throughout the building; as far as possible, everything made of wood has been replaced by marble, cement or metal; a new and fully equipped diet kitchen has been established; operating and dressing-rooms have been thoroughly renewed and put in perfect order; eighty-eight new metal lockers for patients' clothes have been installed; all wooden medicine cases have been replaced with metal; and chart cases, supply cases and linen closets, all of metal, have been added. This metal work is of very durable construction and ornamental in appearance. New furniture has replaced the old in the waiting rooms on each floor; the elevators have been thoroughly repaired and their efficiency increased; the entrance to the Hospital has been enlarged, and materially improved in appearance; the general office has been changed and new fixtures procured adding dignity to its appearance and increasing the efficiency of the administration; the location of the offices of the Superintendent, staff, etc., has been changed, thus giving additional rooms for the use of internes. These repairs and changes have put the house in thorough sanitary condition; have added to its appearance and efficiency, and have made it possible to improve the general service of the Hospital. In point of efficiency, sanitary conditions and facilities for administration, the Jones Building now compares favorably with any Hospital.

The cost of these repairs and changes has been approximately \$25,000.00. In addition unusual repairs to the Ross-Hamill Building have been made, only, such however as were required for the improvement of its sanitation, as we hope to rebuild at an early date.

The Hospital revenues have been insufficient for its maintenance for a number of years past, and your Board of Managers was very reluctantly compelled this year to curtail the free work to a moderate extent. Unless our revenues are increased, this work must be further reduced during the coming year. The public and perhaps our friends fail to appreciate the large amount of charitable work done by the Hospital. Charity work, free and partly paid, cost the Hospital \$52,609.54. Income from Endowment fund and all donations, \$32,823.31. Thus, every dollar received from donations of every kind, as well as the entire income from Endowment fund, has been given away in our charity work, and about \$20,000.00 additional. *In other words, every dollar given us has gone direct to the poor without any cost of administration or distribution.* Our endowment has never been commensurate with our work. But year by year the revenue from it has declined with the decrease in interest return. The operating expenses have in the same time steadily increased with the enhanced cost of labor, food and all materials required and used.

The opportunity for usefulness was never greater. Much of the year many applicants have been turned away for lack of beds, and all the year we are

obliged to refuse patients who are entitled to treatment, but whom we have not funds to care for. The need and claims of such people appeal to us strongly. We hope for an aroused interest on the part of the public, and a more generous financial response, which will enable us to care for the poor who are so eager to come to us for help. The utmost care is used in every expense, and our funds are administered with every regard for economy that is consistent with a proper service.

Hospitals are often judged by the amount of free work which they do. But it is at least an open question whether the best work of a Hospital is not that which is called partly paid, and is given to that class of patients who do not wish charity, do not desire free treatment, but cannot afford to pay remunerative hospital rates. Outside of private rooms, there is not a bed in our Hospital which does not cost more to maintain than the revenue received from it. Our ward price is \$8.75 per week; in small wards of three or four beds, \$12.25 per week. We take patients who are properly vouched for on what they can afford to pay, as low as \$2.50 per week in rare cases.

This is a very important part of our work, and a very great charity, because it is not given as charity, does not lower the respect of those who receive the care, and furnishes the very best skill and attention to such patients, at a price within their means. This is work we hope to have an opportunity of enlarging, and will increase if the amount of our subscription is obtained.

The experience of every hospital is that there is a constantly increasing demand for rooms for private patients. Our private rooms are always full except in the summer months, while we often have beds in the wards. It is greatly to the advantage of the Hospital to be able to increase the number of patients in private rooms, because thereby the revenue is increased, enabling an increase of charity work. This is one of the urgent reasons for the erection of a private pavilion. Another important reason is that if our Medical Staff is able to care for such patients in satisfactory private rooms, it is easier for its members to be more regular in their attendance, and they have more time to give to the Hospital and its ward patients, and come into closer touch with all the general service of the Hospital.

There are very few hospitals in our large cities that do not have a deficit at the end of each year. These deficits vary in amount from \$10,000.00 to \$58,504.00 within the last three years. Mr. John S. Kennedy, President of the Presbyterian Hospital of New York, in his report for 1903 forcibly states the situation: "This continued deficit would indicate an apparent lack of appreciation of the large amount of charitable work done by the Hospital, and unless the Hospital receives increased support it will inevitably be forced to curtail its work and diminish its usefulness and that curtailment will be out of proportion to any saving in expenses actually made, for many expenses of the Hospital are constant, without regard to the number of patients, and the cost of treatment per

capita increases as that number diminishes." That is today true of our Hospital, and with every Hospital with which I am acquainted.

Our standard of nursing, always high, has been maintained. In the resignation of Miss Letham, Assistant Supervisor, who was obliged to leave on account of ill health, the Hospital has experienced a great loss. I am glad to state that there is some hope that she may be able to return to us at a later day.

Our School for Nurses, under the able management of Miss Helena McMillan, has taken a high position among Hospital Training Schools.

Our Superintendent, Dr. Howard, tendered his resignation January 16th, 1906, and the same was accepted. Mr. Asa Bacon was appointed Acting Superintendent, and Dr. Edward C. Rosenow Medical Examiner, and the administration of the Hospital has not suffered.

In general, there is an improvement in every branch during the past year.

The able service of the Medical Board has contributed very largely to this result, and to the loyalty and devotion of its members the Hospital is under great obligation. The Staff has been enlarged and strengthened during the past year by the addition of Dr. J. B. Murphy and Dr. B. W. Sippy.

Thanks are due to all the employes of the Hospital in its several departments for their faithful discharge of all duties during the past year.

On behalf of the Board of Managers,

ALBERT M. DAY, *President.*

PRESBYTERIAN HOSPITAL AMBULANCE

CHICAGO, April 9th, 1906.

To the Board of Managers Presbyterian Hospital, Chicago:

During the past year the number of patients admitted was 3,063, of which 120 were attendants (relatives of patients permitted to stay in the Hospital).

The days' treatment of patients was 67,231; attendants 817, making a total of 68,048.

Number of Surgical operations 1861.

The number of free dressings given to patients after leaving the Hospital was 513.

In the X-Ray department 889 free treatments and 271 free skiographs were given.

The Out-obstetrical department has been maintained, nurses and doctors being sent free of charge.

The cost per capita for the year averages \$1.96. This includes all the patients in the Hospital, in private rooms as well as in wards.

The deficit for the year after crediting income from Endowment fund, and all donations, was \$2,544.00.

Respectfully submitted,

ASA BACON,
Acting Supt.

EXAMINING ROOM

RULES FOR THE ADMISSION OF PATIENTS

TO

The Presbyterian Hospital

1. Patients suffering from severe accidents or serious illness shall be admitted to the Hospital at any hour of the day or night.

2. Other patients shall be admitted between 9 o'clock A. M. and 5 o'clock P. M.

They must apply in person at the office of the Hospital, when they will be examined by the Medical Superintendent of the Hospital or some other physician or surgeon appointed by him for that purpose.

In case the patient cannot apply in person, the Medical Superintendent shall satisfy himself that the case is a proper one for the Hospital, before admission can be granted.

3. Any physician or surgeon may send to the Hospital such pay patients as may be properly admitted, but no patient shall be admitted to any of the endowed beds, except by the permission of the Medical Superintendent, or upon the recommendation of a member of the Board of Managers, signed by the President.

4. Applications for the admission of patients must be accompanied by a certificate of a physician or some reputable person in their neighborhood, if not recommended by a member of the Medical Board, and in no instance shall a patient who is able to pay be admitted without such a certificate.

5. No patient shall be allowed to remain in the Hospital longer than three months, except upon the recommendation of the attending physician or surgeon.

FREE BEDS AND MEMBERS.

A donation of ten thousand dollars entitles the donor to nominate patients to a free bed in a room in perpetuity.

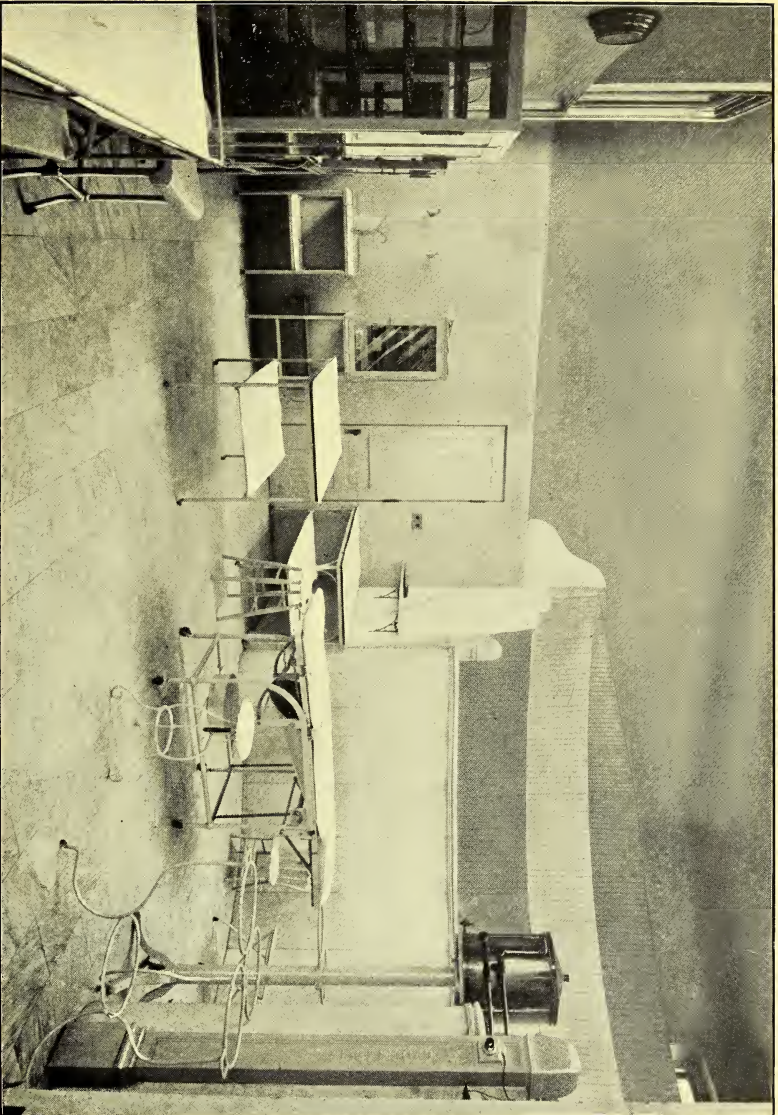

A donation of five thousand dollars entitles the donor to nominate patients to a free bed in the general wards in perpetuity.

A donation of three thousand dollars entitles the donor to nominate patients to a free bed in the general wards for life of donor.

A donation of three hundred dollars annually entitles the donor to nominate a patient to a free bed in the general wards.

A donation of one hundred dollars or more constitutes the donor a life member of the institution.

A yearly donation of ten dollars constitutes an annual member.

THE CORWITH MEMORIAL OPERATING ROOM

RULES FOR VISITORS

1. Visitors will be admitted to the Hospital on Sundays, Tuesdays and Thursdays, from 2 to 4 P. M., and at no other time, except by special permission.

2. Not more than two visitors will be admitted to see any patient in one day, and children will not be admitted except by special permission.

3. No male visitor, except a near relative, will be admitted to the female wards; and no female visitor, except a near relative, will be admitted to the male wards.

4. Articles of food or drink must not be carried into the wards; they must be left with the head nurse of the floor, and if approved by the physicians will be sent to the patient.

5. Visitors must observe perfect order and propriety while in the Hospital; must confine their visits to their immediate friends, and leave the building promptly at the ringing of the bell announcing the end of the visiting hours.

6. In case of alarming illness, of which due notice will always be given if practicable, to the immediate relatives or friends of a patient, visits will not be restricted to the regular days or hours.

Any violation of these rules will subject the offender to exclusion from the premises.

THIRD ANNUAL REPORT
OF THE
School For Nurses
OF
THE PRESBYTERIAN HOSPITAL

Mr. President, Gentlemen of the Board of Managers:

It is my privilege to present the third annual report of the School for Nurses of the Presbyterian Hospital.

During the past year the School has succeeded in completing its organization, graduating on April the eleventh its first class of ten nurses.

Some progress has been made towards attaining that high standard ultimately hoped for, this being greatly aided by the recent renovations and improvements made in the Hospital. The nursing department of the institution without doubt has been enabled to give better service to the Hospital since added conveniences have been supplied and the School has been assisted in its effort to teach its pupils the essential qualities of order and neatness.

The opening of a diet kitchen in the Hospital necessitated reorganizing the method of instruction in cookery, the pupils in that department being removed from the kitchen of the Home, where the work had so increased that its educational value was lost. This change has added somewhat to the expense of maintenance in the Home; it has improved the service of the Hospital, supplementing the work of the general kitchen, and has proved a much more satisfactory means of instructing our pupils in invalid cookery.

In May the School applied for and received registration by the Educational Department of New York State, thus qualifying its graduates to present for examination and to practice their profession in that State.

The beginning of a "Loan Fund" for our students was started by a gift of twenty-five dollars from Mr. Samuel Fitts, this to be used for the assistance of any pupil who may need financial aid. As this twenty-five dollars has already been used and there is need for such assistance, it is hoped that, during the coming year, this fund may be amply provided for. It is also suggested that, as

opportunity arises, scholarships or money prizes for the different classes be arranged, thus enabling some ambitious and capable women to enter this School who are at present financially unable.

Several books have been added to the library, bringing the total to three hundred and three.

Five hundred days' special nursing has been accomplished in the Hospital by the students of the School and sixty-one hundred and ninety-five by graduate nurses.

The registry of the School has seventy-nine nurses enrolled; it has supplied four hundred and thirty-four calls in the Hospital and has sent one hundred and three graduate nurses to care for patients in the city and to neighboring towns.

The number of applications for entrance into the School is yearly increasing, our high requirements, however, barring many from being accepted.

Forty-one graduate nurses have completed courses of post-graduate work in the institution, the period of training varying from three to twelve months. We have been able to secure permanent employment for many of these either in other institutions or through our registry.

The average health of the students has been good. We have, however, had several instances of serious and distressing illness among the members of the household, a notable one being that of Miss Letham, Supervisor of Nursing in the Hospital, who has been compelled to give up her work, we trust for a time only. Miss Letham's services to the institution have been so valuable that her permanent loss would be regrettable.

Several members of our staff have left us to accept more advanced positions.

We are glad to report the return of Miss Cross, who assisted in the early days of organization, and also the fact that three of our own graduates have been given positions of trust and responsibility in the School.

The average number in the School during the year has been one hundred and four.

At present there are resident in the Home and on duty in the different departments of the School the following:

IN THE PRESBYTERIAN HOSPITAL

Supervisors	3
Head Nurses (Graduate)	8

As usual we have many grateful thoughts for kindness and consideration shown us through the year and for assistance offered by our friends, who are yearly increasing. We ask that all may accept from us our sincere thanks.

To Dr. Herrick, Physician to the School, our debt of gratitude is great for his kind and patient attention to our continual demands; to his assistant, Dr. Irons, we return thanks; to Dr. Webster, Dr. Bevan and the other gentlemen of the staff who have given professional assistance we are indeed thankful.

We wish in addition to express appreciation to those gentlemen who have lectured or conducted classes for us during the past year; to the Visiting Nurse Association of Chicago for the courtesy shown to our pupils; to the members of the Ladies' Aid Society and to the Board of Managers of the Presbyterian Hospital.

Respectfully submitted,

M. HELENA McMILLAN, *Principal.*

REPORT OF LIBRARY COMMITTEE

During the past year the Library Committee has held eleven meetings, the one in August having been omitted. The average attendance has been six. Largest number present at any one meeting, ten; smallest number, one.

Each month we have refilled all the bookcases in the main building; have also recovered 1,360 books. Just here we wish to express our appreciation of the new bookcases which have been placed on each floor, through the kindness we understand, of the "Improvement Committee."

From friends we have received 183 books, many of them new, besides magazines, papers and some children's books.

To the Ladies' Aid Society for their annual gift of \$15.00 with which to carry on our work during the year, to the many members of the Board who have so generously remembered us, and to many others who, through their interest in the Hospital have so kindly kept in mind the needs of this Committee, we are most grateful.

Respectfully submitted,

MRS. FRED B. CARTER, *Chairman.*
